## Services Held Tuesday For Godfrey Hanson

It is with regret that we chronicle this week the death of one of Albany's most beloved citizens, Godfrey Hanson, 61, civic leader, past commander of the American Legion and an Albany resident for 35 years.

Mr. Hanson suffered a heart attack Saturday and died at his home, 1345 Washington St. He was assistant superintendent of the Transcontinental Freight Bureau of San Francisco.

Hundreds of members of Albany Post 292, American Legion, filled the chapel of Ellis-Olson Mortuary along with the family and friends to pay honor to Mr. Hanson. Past Commander Charles Lindh conducted the Monday evening services and Chaplain William E. Price, a personal friend of the family, officiated at the Tuesday funeral rites.

Albanyites remember Mr. Hanson's campaign for the Sister Kenny Polio Foundation. One of his sons, Tommy, was stricken with polio just after completing the seventh grade at Marin School. Tommy recovered to become a student leader in Albany High School activities.

Another son, Jon, was a paratrooper in the 101st Airborne Division. He died in Aachen, Holland, at the age of 20 on Sept. 18, 1944. Jon authored sketches about the Dutch paratroopers and wrote poetry which was published in the Albany Times. The young war hero made the famous paratroop jump reviewed by General Eisenhower and Prime Minister Churchill in England that was recorded on newsreel film.

Mr. Hanson is survived by his wife Jewel (Judy) who is a member of Albany Post 292 as a veteran of the Women's U.S. Marine Corps in the first World War; three sons, Thomas of Oakland, William of El Sobrante and step-son Harry A. Craig of Rollingwood; two brothers, Frans Hans of Alameda and Charles Hanson of Vallejo and seven grandchildren.

Pall bearers for the funeral, all past commanders of the Albany Legion Post, were: James A. Sartain, George A. Mack Jr., Gilson M. Talmadge, Carl H. Waters, A. F. Ford, Leroy and Walter Holland, Charles Lindh, Walker Lyon, Russell Rothchild, J. K. Moore, Joseph Benjamin, Earl M. Hodgkins and Roy Harford.

Committal services were held at Golden Gate National Cemetery in San Bruno. The family requested that memorial gifts in Mr. Hanson's name be made to Alameda County March of Dimes Assn.

## Fire Chief Warns Against Hazards On Halloween

Albany Fire Chief Fred Pimental issued a message of precaution to all mothers of small children regarding costumes worn for Halloween.

The Chief stressed that all garments should be of fire retardant material.

"Above all," Pimental urges "under no circumstances allow the children to have open flames of any kind such as candles. Do not use candles in the home to illuminate pumpkins in the window. This has been a source of fire in the home through past records and it is a great danger to life and property."

Observance of these few rules of safety will not in any way lessen the child's enthusiasm during the Halloween festivities but it surely will insure a safer occasion. "Don't give fire a place to start," says the chief.

## Walter Holland Honored By Fete On Retirement

Geering called for reminiscences from his long-time associates, following which Holland was presented with a fireplace screen ensemble for Mr. and Mrs. Holland's new home at 642 Clayton Avenue, where they will make their home after Nov. 1.

Clark Mak, manager of the Bay District, was honorary chairman of the evening, while others who assisted in arranging the affair were Mr. Geering, Hugh MacKellar, Herbert Staples, Lloyd Small, Richard Geitler, William Sorensen, Charles Lewis and Buck Elsberry.

## BUFFER ZONE ON HILL TOP APPROVED

After a lengthy discussion on Monday night the Albany City Council finally voted to rezone the narrow buffer strip near the western summit of the Albany Hill from First to Second Residential. The vote was unanimous - 5 to 0.

This action came after an open public hearing, and considerable discussion by members of the council and interested citizens and property owners in attendance. Mrs. Zahn originally opposed the action when it was proposed that approval would carry a proviso that acceptable plans be submitted by the petitioners, but joined the others in voting for the rezoning when City Attorney Robert J. Foley stated that there could be no restrictions included in such a rezoning ordinance other than those covering the limitations for each individual zone as covered by Ordinance No. 351.

Mrs. Zahn said she was satisfied with the assurance of the petitioners' representatives that they would not build any structures on the property involved that would in any way obstruct the view from buildings that might be built upon the east side of the summit.

Following approval of the rezoning Councilman Blank moved to ask petitioners for a plan or sketch of improvements they proposed to make in this "buffer strip", merely as a matter of record. This was passed 4 to 0, Mrs. Zahn passing her vote.

There was considerable discussion over the proposed rezoning of Lots 29 and 30, Block 14, Regents Park No. 4 (1116 Stannage Avenue), which Carter and Rago requested for the purpose of erecting a duplex. There were several protests, but Rago, who was present, agreed to compromise and build a fourplex instead of a duplex. The vote in favor was 4 to 0, Councilman Blank passing his vote as having a personal interest in the property.

A change in setback requirements at 1046 Ordway to permit extension of a garage, was approved by a vote of 5 to 0.

A move to provide insurance on the recreation and other buildings at the old 'Village' property temporarily until the appraisal of the buildings could be carried out, was passed 4 to 1. Mrs. Zahn voting "No". Blank declared the buildings originally had cost the Federal Government \$300,000 to build, and that while the city does not own the buildings the University of California, which does, refuses to pay for insuring them. He declared that the city has a ten year lease at approximately \$83 a month on the property, but has no insurance protecting the structures although the contents are insured. Mrs. Zahn declared the council was "insurance happy" and that she was opposed to spending any more money on insurance.

A public hearing was set for Nov. 12 on the request for a change in setback on the property located at 1020 Talbot Avenue in order to provide a greater depth for a garage. This change has been approved by the Planning and Zoning Commission.

A request from Bernard E. Johnson, vice president of the Bay Cities Model Society for space in the Recreation Center Building for the construction and use of a model railroad club, was referred to the Recreation Department for a report, and held over until Nov. 12.

In the controversial matter of placing traffic islands at the Ramona-Santa Fe intersection, the council withdrew its plan for trial traffic islands at that point and ordered three traffic lanes painted instead, which residents of the area declared would be amply sufficient.

Removal of parking restrictions at the northwest corner of Solano and Evelyn Avenues, along the north side of Evelyn, was ordered, it being explained that an apartment building now under construction would occupy the space with driveways.

Request of the City of Chico for the donation of the remainder of Albany's present sewer fund to that city was approved. It was determined that the amount was only \$750.

Albany Police inspectors estimate that between \$15,000 and \$20,000 in checks have been passed by Lewis. Holds on the accused are from Oakland, Hayward, Bakersfield, 11 states outside of California and on the FBI. Lewis is held without bail pending trial in Superior Court.

and could be used only with a like amount put up by the city.

Ordinance No. 811, changing the setback requirements on Lot 1, Block 19, Regents Park Map No. 3, was passed to second reading and publication. The vote was 3 to 0. Mrs. Zahn and Councilman Blank both passing their votes.

Resolution No. 2125 increasing the salary of the city auditor, effective Oct. 1, was approved 4 to 1. Mrs. Zahn voting "No". This was a technical matter involving only paper work, and restoring a small amount previously removed.

### Albany VFW Post Will Celebrate 25th Anniversary

Albany Post 2658 Veterans of Foreign Wars is starting its 25th year of service to the community. In honor of this occasion, the post members will meet on October 30th at Jim Fiatarone's Steak House to renew old comradeships.

The officers and members of Albany Post 2658 Veterans of Foreign Wars, through their commander, Alfred R. Viarengo, wish to extend to the citizens of Albany their sincerest appreciation for the truly wonderful support the post has received during the past quarter century.

To better enable us to serve the City of Albany, and our Nation, during the next 25 years, Albany Post 2658 VFW is undertaking a strong recruiting program. Any veteran with overseas campaign service interested in learning more of the work of the VFW is urged to contact commander Alfred R. Viarengo, or to attend the post friendship hours each first and third Tuesday at the Veterans Memorial Building immediately before post meetings.

Thereupon the members will join in a pot-luck fellowship dinner in the social hall.

#### CHRISTIAN SCIENCE

How spiritual understanding of God's goodness overcomes evil will be brought out at Christian Science services Sunday at 533 San Pablo Ave. in Albany.

The lesson-sermon entitled "Everlasting Punishment" will include the following selection from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (571:15): "At all times and under all circumstances, overcome evil with good. Know thyself, and God will supply the wisdom and the occasion for a victory over evil."

Among the passages to be read from the King James Version of the Bible is the following (Isa. (35:10): "And the ransomed of the Lord shall return, and some to Zion with songs and everlasting joy upon their heads: they shall obtain joy and gladness, and sorrow and sighing shall flee away."

The Golden Text is from Lamentations (3:29,40): "Wherefore doth a living man complain, a man for the punishment of his sins? Let us search and try our ways, and turn again to the Lord."

#### GRACE LUTHERAN

"The Reformation's Royal Priesthood" will be the sermon topic of the Rev. O. R. Janke, pastor, at both the 9:45 a.m. and the 11 a.m. services next Sunday at Grace Lutheran Church, Santa Fe Ave. at Ward. **don't  
run  
out of  
gas!**

California isn't producing enough oil to supply its own autos, its farms, its industries—or its share of the Nation's defense needs.

We are running out of gas! Why?

Because today selfish operators with no regard for the public welfare are blocking modern conservation methods that the entire oil industry knows will double California's oil recovery.

A selfish minority is sabotaging YOUR gas supply... keeping the State of California from harvesting billions of dollars in State oil revenues that could pay — tax free as far as you're concerned — for our new water program and many other needed public services.

#### "THE LARGEST STAKE IS YOURS AND MINE"

— STATE CONTROLLER

"In Long Beach alone the entire State stands to benefit by hundreds of millions of dollars in added income under PROPOSITION 4.

"Without unitization... these new riches will be lost. You and I—as citizen land-owners—hold the largest stake by far in the proper oil development of our State."

ROBERT C. KIRKWOOD,  
State Controller, chief elective  
fiscal officer for California

#### PROPOSITION 4 GIVES CALIFORNIA...

- A 12 billion dollar increase in economic wealth.
- New jobs and 2 billion dollars in new paychecks.
- A new supply of 4 billion barrels of oil—for our cars, our planes, our industrial machines.
- A secure source of oil for our National defense.

For more oil...more gas...more tax benefits...more jobs...more security

### ALBANYITES GATHER AT DONUT SHOP

What 42nd and Broadway is to New York, what Fifth and Market Sts. is to San Francisco and what Fort and King Sts. is to Honolulu, that's what, on a small scale, a tiny doughnut shop on Solano near San Pablo is to Albany.

When you pause during a busy day to refresh with a steaming cup of coffee and a delectable doughnut at 1137 Solano Ave. you're sure to rub elbows with several of Albany leading citizens or merchants.

In a brief six months, Honolulu Joe and Sue have become a happy tradition in Albany. Natives of the fabulous land of pineapple and coconuts, the couple from the Pacific Islands have found a tropical warmth of friendliness here in Albany.

Salesmen plan their route calls in order to arrive at the De-Lite Doughnut Shop at noon for savory beefburgers on homemade sesame seed buns. Business executives compliment their favored clients with "coffee and —"

Medical men and nurses relax for a coffee break at the counter where they can always find an extra dividend of cheer; a bit of humor or whimsy from the real life stories of the community.

So as we implied in the beginning, sit for a few moments over coffee at the De-Lite and you're sure to meet someone you know and perhaps brighten your day with the warmth of pleasant talk.

### "How old am I?"

asks Mrs. Charles Vellenga,

1221 Edgewood Road, Redwood City

She's a writer... an amateur photographer... and women's editor of a newspaper. But, most important of all, she's mother of a fine family. And, like so many of today's busy mothers, she looks years younger than her age.

Ever wonder why so many women look and feel so much younger these days? One good reason: Modern household ap-

pliances. They free women from so many chores that used to rob them of their youthful beauty.

Take Jean Vellenga, for instance. She leaves most of her hard work to labor-saving household appliances. And she's celebrating her 45th birthday this year.

Here's the beauty of it: With gas and electricity so cheap in California you can run a whole household of appliances all day for the price of a bottle of popular hand lotion.

Children Will Aid NICEF Campaign With Trick or Treat  
Once again in Albany, as in thousands of communities across America, eager and enthusiastic children will be trick or treating for UNICEF. UNICEF is a new fund of American Halloween. The children of costumes and trick or treat will be there, but instead of asking for candy, they will be asking for pennies, nickels and dimes. These pennies, nickels and dimes will be used for medical, milk, vaccine, and public health work for children in the underprivileged areas of the world. Denying themselves 10c worth of candy, these youngsters can provide milk for a week for some very child; or tuberculosis vaccine, or the D.D.T. to kill mosquitoes and the dread malaria. This is a giveaway program. Each child must match the funds it receives and all funds go for child care.  
If, on Halloween night, an older youngster with a UNICEF band and a milk carton asks for pennies instead of a peppermint, you will know that his or her small denial will mean a better future for all the world's children.

In charge of the Kitchen Committee is Mrs. Henry Anderson, with the help of Mrs. Louis Schultz, Mrs. Caroline Schlaupner, Mrs. G. W. Hard Times Party At Christ Lutheran  
A Halloween Hard-Time and Hobo Party will be sponsored by the Women of the Church at Christ Lutheran Church, Stockton and Ashbury Avenue, El Cerrito, Friday evening, Oct. 26, at 8 p.m. The program is under the direction of Mrs. Virginia Loftus, Mrs. Pearl Woodruff, Mrs. Marian Olson and Mrs. Betty Wind.

Had we not faults of our own, we should take less pleasure in complaining of others. — Francis de S. Fenelon

## Whitney Family Active In Early State History

James G. Whitney, M.D., candidate for the Assembly in the Eighteenth District has a family tradition which is as much a part of California as her mountains. In fact, that loftiest of peaks, Mt. Whitney, was named for a great uncle who made the first geological survey of the state. And his great-grandfather was the first chief justice of the California Supreme Court.

In private life Dr. Whitney is a man of medicine, distinguished in his special field of psychiatry — a past president of the American Medical Society of Analytical Psychology. He teaches in the University of California Medical School, where his father once taught, and he has been a Director of the Berkeley Mental Health Association and is on the Advisory Board of the University YMCA. He is married and has three children now attending Berkeley schools.

## Speaker To Talk On Life of Borromeo

The life of St. Charles Borromeo will be highlighted in the talk given by Mrs. Joseph Miller, spiritual activities chairman, at the monthly meeting of St. Mary's High School Mothers' Club on Nov. 2.

Preceding the meeting the members will attend the annual Memorial Mass with the student body at 9:10 in the gymnasium. Mothers of sophomore students will be hostesses at the breakfast following the mass.

## Northbrae Church Will Hold Bazaar

The Woman's Auxiliary of the Northbrae Community Church at 941 The Alameda, will hold its annual bazaar in the church parlors and auditorium on Tuesday, Oct. 30, from 10 a.m. to 5 p.m. Gifts and white elephants will be on sale, coffee will be served during the morning, lunch at 12 noon, and tea at 4 p.m. Fortune telling and card playing will be featured. Reservations may be made by telephoning the president, Mrs. John S. Berry, LA 4-2107.

## New Type Piano Course Announced For Adult Center

A new and different type of piano course is being very successfully offered at the Albany Adult Education Center, according to Robert G. Dennis, principal. This course, open to new enrollments of adults residing in neighboring communities as well as in Albany, is taught by Mrs. Hene Holmgren and emphasizes diverse methods of improvising and making arrangements. As part of the planned program, well-known jazz pianists are invited to present and discuss with the class their own unique arrangements of popular songs. Wally Rose, Harold Zolman and Sture Johnson have already appeared this semester.

On Tuesday, Oct. 30, the guest pianist will be Marie Louise. She has appeared with the Berkeley Symphony, was an Arthur Godfrey finalist and has made many guest appearances on TV.

The course, which is conducted each Tuesday morning, 10:30 to 12, in the Science Room of Cornell School, 919 Cornell Ave., Albany, is open to students interested in jazz piano playing, regardless of whether or not they have studied the Dutton Chord Method, taught in the other piano classes at the Albany Adult Center. A small special fee to defray the expenses connected with the guest artists is charged.

Every one stamps his own value on himself. — Schiller

## A Salute

What is a pharmacist?

He is a member of the "health team." His team-mates are the family doctors, specialists, nurses and hospital administrators who work for better community health.

He is the "scientist on the corner." He is that unique storekeeper who has to have a college degree in pharmacy and pass the rigid examination of the State Board of Pharmacy in order to win the honored title of "Registered Pharmacist." But he does not stop there. Through professional journals and meetings he is up to date on the latest research and developments in pharmacy and medicine.

He is the physician's colleague and trusted aide. In direct contact with drug manufacturers, he helps keep the busy physician informed on the hundreds of new prescription drugs developed each year.

He is the physician's "warehouse." He must stock every drug that may be prescribed by the doctors he serves... medicines for hay fever, arthritis, the common cold... thousands of them. Many resemble one another, but there are no substitutes. The pharmacist fills every prescription exactly as

## SPEAKING & CARDS

### OLD GAME, NEW FAVORITE

One of the most profound changes in the character of our population in recent years has been the steady increase in the number of persons 65 years of age and over. In 1900 there were only about three million persons in this age category but by 1950 this number had increased to twelve and a half million and it is expected to reach nearly sixteen million by 1960.

One of the unusual ways in which this change is manifest is a surge of interest in that old favorite card game, Solitaire. Although it is played by card players of all ages, Solitaire has always been especially popular with invalids and older people with time on their hands—those who have no one to join them in a two-handed game. Solitaire fans will advance many reasons for their devotion to the game but the chief one seems to be that it eases tension and prevents boredom by occupying the hands as well as the mind.

Whatever the reason, Solitaire has become so popular that manufacturers have brought out a special Solitaire package consisting of a double

## WHAT'S DOING

## He found phones wherever he went

Recently, Mr. Bill Brown and his family took an auto trip to attend a business conference. After he returned, he sat down and wrote us a letter saying: "The new modern roadside telephone booths were one of the most useful conveniences we found. They are everywhere, even out in state parks away from city populations. They saved us hours of time and eliminated so much of the annoyance of waiting." Right you are, Mr. Brown. When you're away from home and have a call to make just look for that familiar Bell emblem. It means there's a phone handy.

## Where were you when that call came in?

The last time the telephone rang in your home, where were you? Cooking dinner in the kitchen, doing up that blouse in the sewing room or out in the workshop finishing up that chair? Wouldn't it have been swell just to reach out and answer the phone instead of rushing halfway through the house to get the call? Telephones in the rooms you use a lot are convenient. The cost is \$1.00 a month for each one after a single installation charge. You can call us today and make yours a telephone-convenient home.

## You can go visiting now — by telephone

Next time that youngster of yours looks up and asks: "When are we going to visit grandmother again?" you don't have to reply: "Oh, on next summer's vacation," or "Well, perhaps at Christmas time." You can just say, "Why, right now." And then pick up your telephone and make a warm and friendly long distance call. And don't forget, rates are lower after 6 p.m. on weekdays and all day Sundays. It's a wonderful way to keep in touch. Pacific Telephone.

## WHY THOSE

WITH A STAKE IN

## Albany's Future

ARE SWINGING TO

## WHITNEY!

### SMALL BUSINESS

- The share of profits to small business has fallen sharply while big business profits have soared. The rate of business failures is up 20%.
- The trend of increasing and extending sales taxes must be stopped.
- There has to be adequate enforcement of the Unfair Practices Act as well as tax relief for small firms.

### SCHOOLS & TAXES

- All over California property owners are bearing the burden of expanding educational facilities. More and more land is being removed from the tax rolls.
- The property owner should be relieved of part of this tax load.
- More state aid for education to communities such as Albany is essential.

## MENTAL HEALTH

- Mental illness is the most critical medical and social problem facing us.
- The economic loss to the state alone justifies the investment of time, money, and effort to find effective countermeasures.
- We need more than a legal approach to this problem in our legislature. As a psychiatrist Dr. Whitney can contribute a real understanding of human values and needs.

**The Living Test Tube**  
Accidents sometimes play a curious role in the history of science. The fleck of mold that settled by chance on Sir Alexander Fleming's germ culture and opened the door to the discovery of penicillin is one of the best-known cases.

A little more than 100 years earlier another accident led to a revolution in the knowledge of digestion. In 1822, a young French-Canadian, Alexis St. Martin, was accidentally shot in the chest on Mackinac Island. A U. S. Army physician named William Beaumont was called to treat the wound in the stomach, torn open by close-range firing. Beaumont worked hard but failed to close the wound. Nevertheless, he was able to apply bandages in such a way that the stomach could still do its normal work.

A year later the boy needed a cathartic, and Beaumont gave it to him through the hole in the stomach. It worked as well as if it had been given by mouth! With great daring Beaumont then decided to launch a series of experiments that won him honors as one of medicine's greatest researchers.

Out of St. Martin's open wound he made a living test tube. He dangled small bits of food on string into the hole and hours later withdrew from the stomach what was left, carefully noting what he saw. In seven years Beaumont executed 238 experiments on an often rebellious subject. He proved man's digestive process was purely chemical and that emotional disturbances could affect digestion or even stop it. St. Martin lived long after Beaumont died, earning his living from medical schools.
